

Environment and Sustainability Policy

We state that:

“UCC” is committed to the protection and enhancement of the environment. High environmental performance is an ongoing priority to be achieved by adhering to this Environmental Policy which is operated in conjunction with the UCC Sustainable Development Policy. This will be delivered by implementing and maintaining an Environmental Management System that applies to services provided by its permanent offices and to its construction and manufacturing activities. This includes activities, products and services provided by organizations working on behalf of UCC.

It is the objective of the Company to:

- Continually strive for improvement in the environmental performance of its activities, products and services.
- Comply with environmental legislation and other applicable environmental requirements relevant to its activities, products and services and regularly evaluate its compliance with such requirements.
- Proactively pursue the minimization of environmental impacts associated with its activities, products and services.
- Endeavour to eliminate the production of polluting emissions or discharges in to the environment.
- Take proactive measures to protect and preserve wildlife and their natural habitats.
- Set objectives, targets and programs and review and revise them regularly with the aim of continual improvement in environmental performance.
- Proactively minimization of Power & Water usage practices

We take pride in making our Environment Safer

UCC shall participate in open consultation with interested stakeholders and public and ensure effective communication of this Environmental and Sustainability Policy to all those working for and on behalf of the business.”
